

APPROVED FRAMEWORK FOR THE CHAPTER OF CONSERVATION ARCHITECTS

LAST UPDATED: JUNE 2026

TIER PROGRESSION

Affiliates of the Chapter, who have reached the requirements for a higher tier of affiliation must reapply as per normal application procedure, indicating the new tier of affiliation for which they would like to be considered.

Additional requirements of the new tier which are to be present, must be in or through the period from their last application to the current, meaning that the experience required shall be as an affiliate of the Chapter, and the projects presented in the portfolio must be carried since their admission in the current tier.

Refusal of this application will not result in expulsion or suspension, but a refusal of progression. The same procedures as of those followed with first time applicants shall apply.
